

The Deniers: The World-renowned Scientists who Stood Up Against Global Warming Hysteria, Political Persecution, and Fraud, 2010, 255 pages, Lawrence Solomon, 0980076374, 9780980076370, Richard Vigilante Books, 2010

Eminent environmentalist Lawrence Solomon set out to find whether any real scientists diverged from global warming orthodoxy. What he found shocked him. Not only did world renowned scientists dissent on every headline warming issue, but the dissenters were far more accomplished and eminent scientists. This fully revised new paperback edition features two new chapters: fresh exposes on climate profiteers (there are many) and global warming affirmers (there are few).
